Poêles à Granulés Italia expands sustainable heating solutions in France and Belgium

-- - 01 October 2024 10:41 - GlobeNewswire / press release - GNW1000995029-en

+

With direct factory-to-consumer sales and 100% Italian-made products, Poêles à Granulés Italia delivers superior quality, cost-effective pellet stoves that benefit from government incentives for more sustainable home heating

PADUA, Italy, Oct. 01, 2024 (GLOBE NEWSWIRE) -- [Poêles à Granulés Italia](http://www.poelesagranulesitalia.com) (www.poelesagranulesitalia.com), an Italian company specialising in the production and sale of pellet stoves, is revolutionising the market in France and Belgium with its unique factory-direct sales model. By eliminating intermediaries, the company offers high-quality stoves at factory prices, ensuring significant savings for consumers. These stoves, produced in Italy, represent the finest in Italian craftsmanship, combining energy efficiency with sustainability.

The company's 100% Italian-made pellet stoves are not only cost-effective but also one of the most environmentally friendly heating solutions available. As energy costs rise across Europe, with natural gas at €0.105/kWh and electricity at €0.125/kWh, pellet stoves remain a highly competitive at just €0.093/kWh. By switching to pellet heating, consumers can expect considerable reductions in their energy bills while benefiting from excellent thermal efficiency.

"Made in Italy" quality backed by a 40% government subsidy

Poêles à Granulés Italia offers over 35 different models. These include 23 air pellet stove models, ranging from ducted stoves that heat multiple rooms simultaneously to compact models designed for smaller spaces, ensuring optimal comfort without taking up too much room. Each product is meticulously designed and manufactured in Italy, reflecting the brand's commitment to quality from conception to assembly.

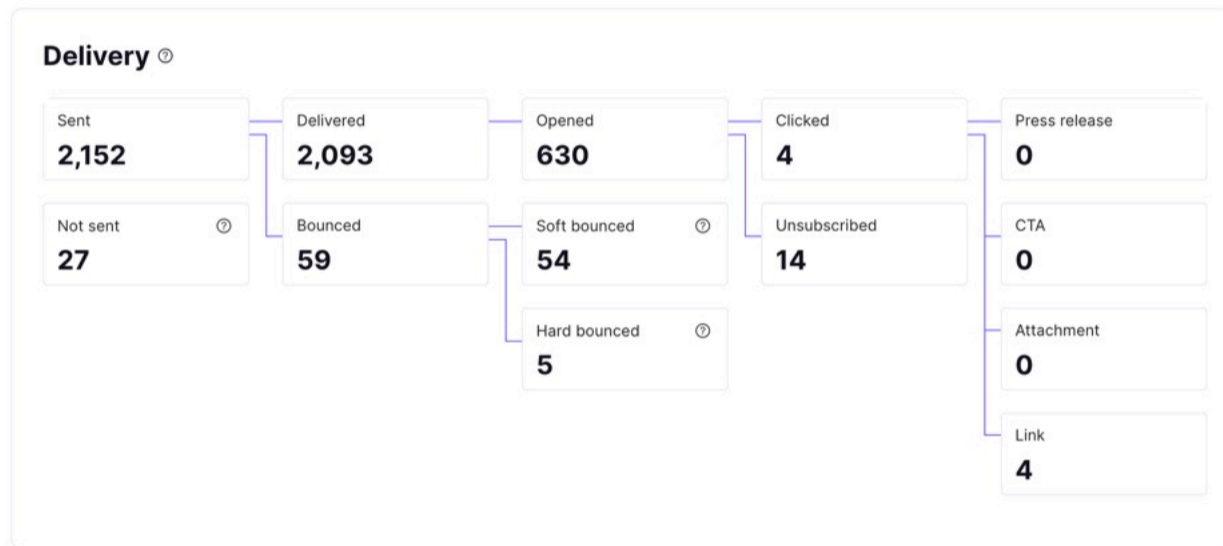

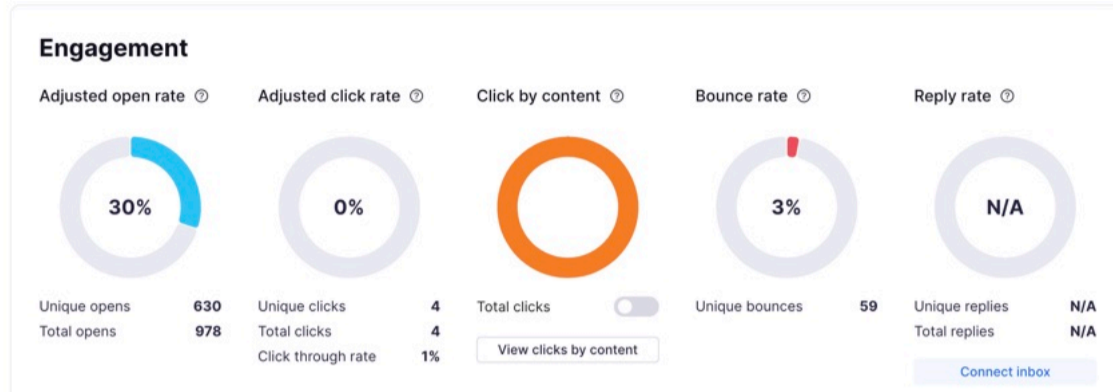

Poêles à Granulés Italia is committed to supporting the transition to greener energy sources, aligning with government programs such as MaPrimeRénov' by the French government, which offers consumers up to 40% off the installation of renewable energy systems. This makes it easier to afford eco-friendly solutions like the company's "[poêles à granulés étanches](#)" range.

According to [Eurostat](#), household final energy consumption per capita in France decreased from 2017 to 2022, but it is still above the European average.

Poêles à Granulés Italia expands sustainable heating solutions in France and Belgium

Media List Distribution

This section provides a segmented media list distribution report for the press release, ensuring that the content was sent to relevant media outlets and journalists.

III. Coverage Report

In this section, you'll discover a compilation of news websites where the press release is accessible.

Click on a recipient to view your story on their web site. While we deliver to the following recipients, it is ultimately the recipient's decision whether or not to display your news release. A number of our recipients display stories to their registered users only; in these cases the links below will only direct you to a public page representing the recipient.
